

Ezekiel Talampas

Data Analytics | SQL | Power BI | Snowflake

kieltalampas@gmail.com | Cavite, Philippines | 09151607291 | [LinkedIn](#) | [kieltalampas.vercel.app](#)

EDUCATION

Mapua Malayan Colleges Laguna

2022-2026

Bachelor of Science in Computer Science, Specialization in Data Science and Analytics

PROJECTS

Stock Price Analytics Pipeline

End-to-end analytics pipeline using Databricks, Snowflake, and Power BI.

- Built medallion architecture (Bronze/Silver/Gold) to organize raw stock data into analytics-ready tables
- Implemented dimensional modeling with data quality checks to support analytical reporting
- Developed Power BI dashboards for trend and volume analysis

Azure Spotify Data Engineering Pipeline

Cloud-native data pipeline using Azure Data Factory and Databricks.

- Designed incremental ingestion from Azure SQL Database using ADF with watermark-based loading
- Processed streaming data using PySpark and Auto Loader, implementing medallion architecture
- Built star schema (4 dimensions + 1 fact) with SCD Type 2 for historical tracking

CERTIFICATIONS

Google Cloud Computing Foundations: Cloud Computing Fundamentals

May 2024

Introduced core cloud computing concepts, infrastructure, and Google Cloud services relevant to scalable data solutions

Google Cybersecurity Professional Certificate

Aug 2023

Foundations of Cybersecurity, Network Security, Linux & SQL, SIEM tools, Python automation, and Incident Response

SKILLS

Languages: Python, SQL

Data Engineering: PySpark, Databricks

Cloud Platform: Microsoft Azure (Azure Data Factory, Azure SQL Database, Azure Storage Account)

Data Warehousing: Snowflake

Visualization: Power BI

Version Control: Git
